The story continues where it left off with the main character's visit to the hospital. In this book the reader becomes the Judge and Jury over Pete and Mollies affairs. Jealousy remains a serious problem throughout and the Step-Son lands himself in deep water with the police yet again. More funny stories about Thai family life, with some serious ones as well.The Ups and Downs continue...

In this second Dream Team novel, Barry, Annie, and Stella's matchmaking vacation in Thailand brings them up against a woman who traffics human beings. Stella's father's attempt to betroth his daughter to a man who upholds his own twisted values takes the team across West Africa. The team fight injustice in their inimitable style. The cultural concepts of face and honour are tackled. Religion, voodoo, meditation, pranic healing, and even female genital mutilation are stirred into this mix. The Dream Team's normal anti-establishmentarianism leads them to make violent retribution. As usual, they dish out rough justice. Their fast-moving lifestyle parties them through in this romp of a tale.

This story gives an account of contentious interactions with religions, races, cultures, societies, politics, people and nations in the future. The whole point of the story is for the unique islanders to give some thought about broader societies to discover greater aspects of civilisation, question now and not much later what society means and how important it is to build human instincts towards tolerance and integration rather than clash with cultures when it comes to impact in some future date as this world is meant for change. Typically, islanders known as DivehÃ«n are a small but a unique people with a common ethnic background of religion, race, culture, history, language, autonomy or lifestyle. Society means comparatively a community of oneness for the islanders who are unaware of other cultures and people. This story raises all debates to enlighten the islanders towards multi-culture and the value it holds for future in an extremely delicate environment of low-lying coral islands in the Maldives.

This book presents the inventive genius behind technological breakthroughs by ten global companies including Alcoa, DaimlerChrysler, Honda, ST Micro and Visteon. Readers will gain understanding and insight into how cutting-edge technology is helping protect the climate and/or the ozone layer, while contributing to the company's bottom line. Each chapter chronicles the challenge and triumph of invention, introduces the engineers and executives who overcome conventional wisdom, and demonstrates the contribution these companies are making to environmental protection. In full colour and crammed with graphics to illustrate the creative process of technological breakthroughs, the book is accessible and informative. The genius of these ten companies will inspire the engineer, the policy-maker, the student, the environmentalist, the CEO and the investor alike.

Fartsfylt, spennende Stingo-krim med mye humor! En nordmann, kjent under navnet «Gullhesten», dør under mystiske omstendigheter på Filippinene. Stingo får i oppdrag å finne ut hva som har skjedd. Etterforskningen fører Stingo dypt inn i det norske miljøet på ferieøya Mactan. Mange har hatt motiv for å drepe Gullhesten, både den filippinske familien hans og nordmenn med kriminell fortid i Norge. Skal Stingo finne ut hvem som står bak, må han ta et oppgjør både med norske venner og filippinske gangstere. Paradisets hjerte er fjerde bok om ekspolitimannen Stein Inge Olsen, alias Stingo. Andre bøker i serien: Magellans kors, Smertens aveny (nominert til Rivertonprisen) og Mørkets blod. «Roar Sørensen fortjener mange flere lesere enn han har, for bøkene hans er seriøse underholdningsperler,» skrev VGs anmelder Berit Kobro etter å ha gitt Riverton-nominerte Smertens aveny terningkast 5. Superlativene har drysset over Sørensens krimserie om Stein Inge «Stingo Olsen» fra første bok. Bøkene hans kjennetegnes av humor, et utsøkt språk, glimrende karakterskildringer og ikke minst spenning.

International business correspondence is not simply writing or information exchange. It is something that you want others to know about you – to know about your business and the way you deal with business transactions. It is by the way you create your letter that your reader can identify whether you are friendly, rude, or you just simply want to do business. Your letter shows your attitude. This is one reason why it is important to consider your way of writing, write professionally and with courtesy. Success of business transactions is not only dependent on your ability to talk and communicate verbally, but also the way you communicate in letters. How important is learning the proper way of writing business letters? This book will help you to improve your written communication by guiding you through the steps and guidelines of making an effective letter. Aside from that, you will learn to see that planning is important. Gathering information and doing some research will help you. As you go through answer complaints, it will save you to make adjustments, it is important and friendly to reply to inquiries, it is good to be precise in your quotations, it is proper to acknowledge placed orders or acknowledge payment, it is worth to check all outgoing orders for shipment and delivery, it is important to have an insurance policy, it is tedious to deal internationally without bank transactions, and it is by connection that you can increase your sales. You need to connect to your customers and readers in order to build a good working relationship. If you are able to establish a good relationship, they will value you as their business partners. Skills in creating business letters are important for the success of your business. Business letter writing skills will also boost your confidence as a businessman and will help boosting your business as well. This book aims to help students to develop their skills and confidence in writing international busi-ness letters. It can also serve as a reference for students at college and university levels.
