The Winter's Tale (Shakespeare) | Revision World

Actually understand The Winter's Tale Act 3, Scene 3. Read every line of Shakespeare's original text alongside a modern English translation.

"Let anyone speak long enough, he will get believers."

The Winter's Tale is a play by William Shakespeare originally published in the First Folio of 1623. Although it was grouped among the comedies, many modern editors have relabelled the play as one of Shakespeare's late romances. Some critics consider it to be one of Shakespeare's problem plays because the first three acts are filled with intense psychological drama, while the last two acts are comedic and supply a happy ending

Magic, sexuality, death! The Winter's Tale has it all. It was the Days of our Lives of the Elizabethan era! Now if only you can understand it... If you have struggled in the past reading Shakespeare, then BookCaps can help you out. This book is a modern translation of The Winter's Tale. in-depth textual understanding as students read, analyse and revise The Winter's Tale throughout the course. This Study and Revise guide:

- Increases students' knowledge of The Winter's Tale as they progress through the detailed commentary and contextual information written by experienced teachers and examiners
- Develops understanding of characterisation, themes, form, structure and language, equipping students with a rich bank of textual examples to enhance their coursework and exam responses
- Builds critical and analytical skills through challenging, thought-provoking questions and tasks that encourage students to form their own personal responses to the text
- Extends learning and prepares students for higher-level study by introducing critical viewpoints, comparative references to other literary works and suggestions for independent research
- Helps students maximise their exam potential using clear explanations of the Assessment Objectives, sample student answers and examiner insights
- Improves students' extended writing techniques through targeted advice on planning and structuring a successful essay

The Winter's Tale is regarded as Shakespeare's most perfectly realized tragicomedy. Though the title may suggest an escapist fantasy, recent criticism has seen in the play a realistic psychology and a powerful commentary on the violence implicit in family relationships and deep, longlasting friendships. This edition considers the play in relation to Renaissance conceptions of both dramatic genre and the family, traces the changing critical and theatrical attitudes towards it and places its psychological and dramatic conflicts within the Jacobean cultural and political context. The commentary pays special attention to the play's linguistic complexity and also includes a complete reprint of Shakespeare's source, Pandosto, by Robert Greene.
