Social systems tolerate or institutionalize conflict to different degrees. There is no society in which any and every antagonistic claim is allowed immediate expression. Societies dispose of mechanisms to channel discontent and hostility while keeping intact the relationship within which antagonism arises.

In “ The Functions of Social Conflict, ” Coser analyses the functions, rather than the dysfunctions, of conflict. Published in 1956, it considers 16 propositions contained in another book – Conflict, by Georg Simmel – examining, elaborating, extending, changing, and then reformulating Simmel ’ s original points. Coser arranges Simmel ’ s propositions into seven groups, covering:
