"A Pocket History of the United States" traces the history of the nation that is, today, the oldest constitutional democracy in the world. Written by distinguished American historians, it has more than 2,000,000 copies in print worldwide and is one of the classic works in its field.

Introduces readers to the dramatic events, notable people, and special customs and traditions that have shaped many of the

world's countries, with each volume covering a specific country and offering a concise history of the struggles and triumphs of the peoples and cultures that have called that country home.

It has been seven decades since the independent state of Pakistan was carved out of British India, yet the country is still in pursuit of a suitable constitutional framework. Over this period of time, no other country has experimented with so many different constitutional forms, from parliamentary democracy to presidential form of government, to outright military regimes. This book analyses constitutional development in Pakistan from its inception to present times. It provides a case-by-case account of constitution-making in Pakistan, with the inclusion of all pertinent documentation. Constitutional developments have been explained in the context of social and political events that shaped them. The book focuses on constitutional and political history, and constitutional development concurrently. It includes a liberal humanitarian reading of the travails of lawmakers and the role of generals, judges, politicians, and bureaucrats in the implementation of law. Students of law, political science, and history, as well as lawyers, judges, and professors will find this book of particular value. Being grounded in a socio-political context, this book is

also of interest to the general reader. The third edition is updated to cover the constitutional and political developments up until 2013.

The Battle for Pakistan showcases a marriage of convenience between unequal partners. The relationship between Pakistan and the United States since the early 1950s has been nothing less than a whiplash-inducing rollercoaster ride. Today, surrounded by hostile neighbors, with Afghanistan increasingly under Indian influence, Pakistan does not wish to break ties with the United States. Nor does it want to become a vassal of China and get caught in the vice of a US-China rivalry, or in the Arab-Iran conflict. Internally, massive economic and demographic challenges as well as the existential threat of armed militancy pose huge obstacles to Pakistan's development and growth. Could its short-run political miscalculations in the Obama years prove too costly? Can the erratic Trump administration help salvage this relationship? Based on detailed interviews with key US and South Asian leaders, access to secret documents and operations, and the author's personal relationships and deep knowledge of the region, this book untangles the complex web of the US-Pakistani relationship and

identifies a clear path forward, showing how the United States can build better partnerships in troubled corners of the world.

Fifty years after living in a remote Pakistan village as a Peace Corps volunteer, Leslie Noyes Mass returns to discover a much-changed Pakistan—and a village that still remembers her. Mass captures the heart and attention of the reader with her story of Pakistanis in 1962 and those of a new generation, engaged in building a sustainable educational system for their country's forgotten children.
