Here are some things to consider when choosing a partner for this. a) It needs to be someone working at the same pace as you. If you are struggling, work with.

Design a Zoo Project - Geometry Unit

Zoo Project. about In our project we created our own zoos. We put in the animals of our choice and made up names for shops and restaurants. We had to create a map, fill out a vocabulary sheet, and do a short write up for each animal in the zoo.

Zoo Project - Hailey Pryor

The "Zoo Project" was a resource management game played entirely in a series of menu screens. The player needed to manage aspects of a Zoo including staff, ticket cost, enclosures and expenses for animals in order to maintain a profit for their space. If after 360 days the player still had any money left they would win.

Zoo Project Game - MATT ZOLFO

The skills required for a career as an aquarium designer can be divided into two very important groups. The first is the group containing life skills, which are the core skills that are necessary or desirable for full participation in everyday life. The second group is career skills, or the specific skills required to allow a person to enter and operate effectively within a specific career.

Career as an Aquarium Designer - ONE ZOO TREE

As this is a project, your teacher will be assessing how well you have met the learning outcomes. Below is the assessment criteria. Now is the time to check over your work and see how well you think you have achieved these things.

Evaluation - Design a Zoo!

Habitat designers are responsible for designing enclosures or exhibits where wild animals are the key focus as entertainment, education or conservation (zoos, petting zoos, museums, sanctuaries and theme parks). A habitat designer is not the same career as an aquarium designer, or as an enclosure designer. Aquarium designers build aquariums, small or large, for fresh or salt water fish.
