Choquette's book *Frenchmen into Peasants* is felicitously mistitled. It forces us to discuss what her data and analysis don't say. Her attempt to exploit the popularity Eugen Weber's of *Peasants into Frenchmen* fails by the very disjunction between demography and cultural history and between quantitative changes and cultural transformation.

Overall, emigrants to Canada belonged to an outwardly turned and mobile sector of French society, and their migration took place during a phase of vigorous Atlantic expansion. They crossed the ocean to establish a subsistence economy and peasant society, traces of which lingered on into the twentieth century.

From the point of view of the peasants, rapid population growth, harvest failures, physiocratic calls for modernization of agriculture, and rising seigneurial dues motivated peasants to destroy feudalism in France. they played a major role in starting the French Revolution in 1789. However most quickly retired from active political

Modernization of Rural France 1870-1914 is a classic presentation of modernization theory. Although other historians such as Henri Mendras had put forward similar theories about the modernization of the French countryside, Weber's book was amongst the first to focus on changes in the period between 1870 and 1914.
