This book describes how marketing organizations successfully move from product concept to the creation of a successful brand, and explains the key tools used to develop branding. It introduces selling theories and the principles of consumer behaviour, and documents the creation and development of brands using real-world examples.

The Fundamentals of Marketing by Edward Russell

Like a sports team that “ loses ” its way, sometimes it is better to return to the fundamentals of online marketing that have been proven effective over years. You should start by breaking down your business model and review how well it is achieving its goals and objectives, examine your website ' s content and functionality, its branding and product positioning.
