Iliad. This book remedies that tendency and depicts the extraordinary figure of Zeus: lord (or impersonation) of lightning and thunders, exclusive master of human destiny --and therefore of human history--and chief of Olympus. This unique personality endowed with polyvalent powers represents itself the conflict between superhuman moral indifference for mortal destiny and anthropomorphic feelings for human beings: he both preordains the death of his son and weeps on his demise. Zeus embodies the *Mysterium tremendum*. This new Zeus cannot glance at
