This viking duo will give Horrid Henry a run for his money! What if your parents WANTED you to behave badly? Set in the snowy fjords of a Viking kingdom, the terrible twins, Hack and Whack, are proud to be the best worst vikings. Nothing stops the marauding pair as they steal boats, loot a birthday party, track a troll and sail off to raid Bad Island with their friends Twisty Pants and Dirty Ulf. Well, almost nothing . . . With whip-smart dialogue, and accompanied by Dennis the Menace style anarchic cartoon imagery, this series is as sharp, funny and compelling as you would expect from the reigning Queen of Comedy.

How is academia portrayed in children's literature? This Element ambitiously surveys fictional professors in texts marketed towards children, who are overwhelmingly white and male, tending to be elderly scientists. Professors fall into three stereotypes: the vehicle to explain scientific facts, the baffled genius, and the evil madman. By the late twentieth century, the stereotype of the male, mad, muddlehead, called Professor SomethingDumb, is formed in humorous yet pejorative fashion. This Element provides a publishing history of the role of academics in children's literature, questioning the book culture which promotes the enforcement of stereotypes regarding intellectual expertise in children's media. This title is also available, with additional material, as Open Access.

You won't believe what Horrid Henry will do next! Horrid Henry has found a new way to scare everyone—his very own monster movie. The Undead Demon Monster Who Would Not Die is going to be a BIG hit! Plus three more monstrous tales that will leave you screaming for more. If you read this, you'll laugh so hard milk might come out of your nose!
