# Access Free International Journal Of Mathematics And Computer Science

The purpose of this Open Access compendium, written by experienced researchers in mathematics education, is to serve as a resource for early career researchers in furthering their knowledge of the state of the field

# Access Free International Journal Of Mathematics

And disseminating their  
research through publishing.  
To accomplish this, the book  
is split into four sections:  
Empirical Methods, Important  
Mathematics Education  
Themes, Academic Writing and  
Academic Publishing, and a

# Access Free International Journal Of Mathematics And Computer Science

section Looking Ahead. The chapters are based on workshops that were presented in the Early Career Researcher Day at the 13th International Congress on Mathematical Education (ICME-13). The combination

# Access Free International Journal Of Mathematics

of presentations on  
methodological approaches  
and theoretical perspectives  
shaping the field in  
mathematics education  
research, as well as the  
strong emphasis on academic  
writing and publishing,

# Access Free International Journal Of Mathematics

And Computer Science  
offered strong insight into the theoretical and empirical bases of research in mathematics education for early career researchers in this field. Based on these presentations, the book provides a state-of-the-art

# Access Free International Journal Of Mathematics

overview of important theories from mathematics education and the broad variety of empirical approaches currently widely used in mathematics education research. This compendium supports early

# Access Free International Journal Of Mathematics And Computer Science

career researchers in selecting adequate theoretical approaches and adopting the most appropriate methodological approaches for their own research. Furthermore, it helps early career

# Access Free International Journal Of Mathematics

And Computer Science  
researchers in mathematics  
education to avoid common  
pitfalls and problems while  
writing up their research  
and it provides them with an  
overview of the most  
important journals for  
research in mathematics
