Living West, Facing East: The De-Construction of Muslim---

East-facing rooms will have natural light in the morning, whereas west-facing rooms benefit from natural light in the early evening. These rooms take some extra consideration when picking colours. If the room is east-facing and mainly used in the morning or west facing and mainly used in the evening then cooler colours containing hints of blue, green and violet will help balance the intensity of the sunlight.

Living West, Facing East: The (De)Construction of Muslim---

In terms of practicality, you don't need to be an experienced home buyer or tenant to realize that a west facing house would have the to bear the brunt of the evening sun everyday. This can be especially uncomfortable when the living room or bedroom is located on the facing side of the house. If you are lucky, other buildings and structures might block the harsh reality of the west sun and put your house in the safety of the shade.

Applying Feng Shui To A West Facing House | FengShuied

In East and West facing rooms, it's really important to test out paint shades because colours can change depending on the light Paint colours for East facing rooms When it comes to decorating an east facing room, bear in mind that it will see most natural light in the morning, and the room may feel slightly cooler through the afternoon so you will likely use artificial light later in the day.

The best paint colours for East and West facing rooms---

In east facing rooms, embracing the cooler evening light with light blues and greens can have a beautifully soft and calming effect - try Pale Powder or Teresa's Green, which retain some warmth into the evening. In west facing rooms, the warm tones of Middleton Pink or Smoked Trout are excellent options for making the most of strong late afternoon light, while Slipper Satin or Shadow White will look cool in the morning but neutralise the warmer light later in the day.

How Light Affects Colour - Farrow & Ball

Choose south-facing rooms for the kitchen, main living areas and other rooms you spend a lot of time in. West facing: sunlight at the hottest part of the day, which can cause glare. In the late...

BBC - Homes - Design - Basic lighting

The bedrooms facing west means they can get very hot if we have summers like this one which isn't ideal. But as mumma says, get table and chairs for next to the house and the far end (if its a good size garden) so you can enjoy the setting sun too.

Pros and cons of a west-facing house | Mumsnet

West Facing House Vastu - What To Follow (9 Tips) Locate the entrance in 3 rd, 4 th, 5 th or 6 th pada in West. You can also use 1 st and 2 nd padas if you want. The walls in South and West must be thicker and higher than East and North. Place the kitchen in SE or NW of the house; SE is better.

West Facing House Vastu (All That You Need To Know)

Summer. West windows get direct sunlight from mid-afternoon to late in the evening in summer causing overheating. East facing windows get sun from sunrise to midday. This isn't normally as bad because the house is cooler in the morning, but the heat built up during the morning does stay making the house hotter later in the day.

West, or East, Facing Windows - A New House

Early risers generally appreciate east sun in spaces they will use first thing in the morning such as breakfast bars. West-facing rooms. As west-facing rooms get low-angle, late afternoon sun, they usually require some shading to prevent overheating and excessive glare, particularly during the summer. They: have good afternoon daylight

Solar orientation - What is ideal for different rooms

The west-facing flats have sun most of the day and look out over the lake and the terrace in front of the Barbican Centre. The east-facing flats get sun in the morning only but look out over the more attractive half of the lake with the waterfall .

Gilbert House in the Barbican Estate | Barbican Living

The 'B' flats (the No. '.2's) have rooms along the north-east-facing side, and balconies looking west. The 'C' flats (the No. '.3's) flats have rooms along the west-facing side, and balconies looking south. Lauderdale Tower The 'A' flats (the No. '.1's) have rooms along the west-facing side, and balconies looking north.

Tower Flats, Barbican Estate | Barbican Living

According to vastu shastra living room or drawing room should be located in east or north direction. The ideal location of a living room depends on plot facing. The living room can be in northeast direction for east and north facing house. The living room can be in northwest for west facing house.
