Tells how clutches & transmissions work - gear, friction, & hydrostatic. Gives basics of service & repair of major types of drives, transmission, transaxles, & clutches used in compact equipment. Includes troubleshooting guides. It provides the reader with a list of skills & knowledge that should be learned with each chapter. CONTENTS: Basic principles, clutches, mechanical transmissions, hydrostatic transmissions, belt & chain drives, differentials, final drives, power take-offs, service & maintenance & troubleshooting.

It is now a scientific fact, the pain we experience as a result of heartbreak stimulates the same region of the brain stimulated when we are experiencing physical pain. From personal experience, psychology doctoral candidate Troy Byer profoundly understands heartbreak pain is real. As a direct result of her personal experience, in this book, Troy will help you to understand, getting over your ex is a delicate process that requires actions beyond crying, gossiping, stalking, ignoring or avoiding. Such a process demands that you let go of your immobilizing monologs and that you move into transforming dialogues and inquiries that are life altering experiences. In addition to fulfilling the process above, the 9 Keys in this book will enable you to alter your relationship to pain, labels and your circumstances. To better understand how you navigate the tumultuous sea of love, these 9 Keys will assist you in finding the sea vessel that best represents you. Once you understand how you are designed, you will also understand the importance of choosing other ships that your ship can inherently relate to and therefore comfortably be in a relation-ship with. Metaphorically speaking, if you're a slow but steady Rowboat personality, the way you navigate the sea in the midst of a storm will vastly differ from that of a thrill-seeking Speedboat personality. As a result of this difference, it's inevitable that someone is going overboard. Finally, in addition to identifying and learning about the kind of boat you float on the sea of love, you will also learn about the secret treasures you exchanged with your ex while journeying as one. The surprise is that these precious treasures are truly the treasures you have been diving for and nearly willing to die for your entire life. Once you understand, you already possess the treasure you have been seeking on the sea of love, the search outside of you ends and a new relationship with yourself begins.

Features: 120 blank, lined, white pages Section for recording your Monday through Friday School activities, Notes, and To-Do List 6" x 9" dimensions. This book charts the connections between the language of journalism in England and its social impact on audiences and social and political debates from the first emergence of periodical publications in the seventeenth century to the present day. It extends work done on the language of the media to include an historical perspective, adding to wider contemporary debates about the social impact of the media. It draws upon the field of historical pragmatics, while retaining a concentration on the development of a particular form of media language, the newspaper, and its role in refracting and contributing to social developments. Dialogue is created between sociolinguistics and journalism studies. It is ideally suited to advanced students in these areas and in linguistics and media studies in general.

Nothing but clear, 100-proof American history. Hooch. White lightning. White whiskey. Mountain dew. Moonshine goes by many names. So what is it, really? Technically speaking, "moonshine" refers to untaxed liquor made in an unlicensed still. In the United States, it's typically corn that's used to make the clear, unaged beverage, and it's the mountain people of the American South who are most closely associated with the image of making and selling backwoods booze at night-by the light of the moon-to avoid detection by law enforcement. In Moonshine: A Cultural History of America's Infamous Liquor, writer Jaime Joyce explores America's centuries-old relationship with moonshine through fact, folklore, and fiction. From the country's early adoption of Scottish and Irish home distilling techniques and traditions to the Whiskey Rebellion of the late 1700s to a comparison of the moonshine industry pre- and post-Prohibition, plus a look at modern-day craft distilling, Joyce examines the historical context that gave rise to moonshining in America and explores its continued appeal. But even more fascinating is Joyce's entertaining and eye-opening analysis of moonshine's widespread effect on U.S. pop culture: she illuminates the fact that moonshine runners were NASCAR's first marquee drivers; explores the status of white whiskey as the unspoken star of countless Hollywood film and television productions, including The Dukes of Hazzard, Thunder Road, and Gator; and the numerous songs inspired by making 'shine from such folk and country artists as Joan Baez, Bob Dylan, Alan Jackson, and Dolly Parton. So while we can't condone making your own illegal liquor, reading Moonshine will give you a new perspective on the profound implications that underground moonshine-making has had on life in America.

FAMILY MATTERS Small-town cop Luke Walker smelled trouble the moment Karis Pratt arrived on his doorstep, claiming the baby she held in her arms was his. Luke had been devastated once before when Karis's sister left town with the daughter she confessed his. And though his mind and his heart had every reason to be skeptical, Luke soon realized that Karis was nothing like her impetuous sister. From birth, the little girl who could be his daughter had gripped his heart in her tiny fist and wouldn't let go. Was it possible that these two females could ultimately be his...to have and to hold?

the best notebook and diary for your kid diary with a moon and stars you can make it as a great gift for your kid journaldiarymoon and stars

CLOSE ENOUGH TO TOUCH . . . He's their secret admirer, wooing them with phone calls, love letters, and special gifts. From a distance, he admires them. Desires them. Despises them. And when he gets close enough, he kills them all. CLOSE ENOUGH TO KISS . . . Adams County, Alabama, is a small, friendly place where everyone knows each other-but not well enough, it seems, because Sheriff Bernie Granger has a serial killer on her hands, a total psycho who first romances, then stalks, kidnaps, and kills his victims. It's Bernie's first big case, a chance for her to prove herself to her new partner, Memphis police detective Jim Norton, but it won't be easy. This killer is uncannily smart. It's as if he knows what Bernie is thinking. And his next move is more than shocking-it's chillingly personal. . . . CLOSE ENOUGH TO KILL. A terrifying game is underway. A desperate hunt has begun. Bernie is determined to stop a twisted serial killer at all costs. But is she getting nearer to catching him-or being drawn ever deeper into his deadly web?

Alaska Geographic is an award-winning series that presents the people, places, and wonders of Alaska to the world. Over the past 30 years, Alaska Geographic has earned its reputation as the publication for those who love Alaska. The series boasts more than 100 books to date, featuring communities from Barrow to Ketchikan, animals from bears to dinosaurs, history from the Russian explorers to today, and natural phenomena from the aurora to glaciers. Written by leading experts in their fields, these books are illustrated throughout with world-class photography and include colorful maps for reference.
