Set in Moominvalley where everyone is welcome, there are three stories to treasure in this stunning collection, based on Tove Jansson's beloved and classic chapter books - introducing readers to the charming Moomins and their warm-hearted way of life.

Tove Jansson's Moomin characters and books are admired the world over. In the United States the series beginning with Finn Family Moomintroll (first published in English in 1945) has accumulated generations of fans. Since Farrar, Straus and Giroux began reissuing the books in 1989, grateful readers old and new have been thrilled to have the stories available again. At last the final installment is being published – oddly, the only book that features none of the Moomin family themselves, though it does take place at their house. There familiar characters converge – Snufkin, the Hemulen, Fillyjonk, and others – seeking out the Moomins' welcoming company, only to find them absent. All remain at the house, all have very different personalities that clash often, but something about their homey cohabitation during the icy winter changes each visitor in a gratifying way. As The Times Literary Supplement put it, Moominvalley in November is "possibly the cleverest of the Moomin books."

Deception—the lies we tell ourselves and the lies we tell others—is the subject of this, Tove Jansson ' s most unnerving and unpredictable novel. Here Jansson takes a darker look at the subjects that animate the best of her work, from her sensitive tale of island life, The Summer Book, to her famous Moomin stories: solitude and community, art and life, love and hate. Snow has been falling on the village all winter long. It covers windows and piles up in front of doors. The sun rises late and sets early, and even during the day there is little to do but trade tales. This year everybody ' s talking about Katri Kling and Anna Aemelin. Katri is a yellow-eyed outcast who lives with her simpleminded brother and a dog she refuses to name. She has no use for the white lies that smooth social intercourse, and she can see straight to the core of any problem. Anna, an elderly children ' s book illustrator, appears to be Katri ' s opposite: a respected member of the village, if an aloof one. Anna lives in a large empty house, venturing out in the spring to paint exquisitely detailed forest scenes. But Anna has something Katri wants, and to get it Katri will take control of Anna ' s life and livelihood. By the time spring arrives, the two women are caught in a conflict of ideals that threatens to strip them of their most cherished illusions.

When Moomintroll learns that a comet will be passing by, he and his friend Sniff travel to the Observatory on the Lonely Mountains to consult the Professors. Along the way, they have many adventures, but the greatest adventure of all awaits them when they learn that the comet is headed straight for their beloved Moominvalley.

The fillyjonk is seized with a nameless fear, a sense of approaching disaster, but once the calamity occurs she feels peaceful and free.
