A WASHINGTON POST NOTABLE WORK OF 2018 From two-time Pulitzer Prize – winning Washington Post national security reporter Greg Miller, the truth about Vladimir Putin's covert attempt to destroy Hillary Clinton and help Donald Trump win the presidency, its possible connections to the Trump campaign, Robert Mueller's ensuing investigation of the president and those close to him, and the mystery of Trump's steadfast allegiance to Putin. It has been called the political crime of the century: a foreign government, led by a brutal authoritarian leader, secretly interfering with the American presidential election to help elect the candidate of its choice. Now two-time Pulitzer Prize – winning Washington Post national security reporter Greg Miller investigates the truth about the Kremlin's covert attempt to destroy Hillary Clinton and help Donald Trump win the presidency, Trump's steadfast allegiance to Vladimir Putin, and Robert Mueller's ensuing investigation of the president and those close to him. Based on interviews with hundreds of people in Trump's inner circle, current and former government officials, individuals with close ties to the White House, members of the law enforcement and intelligence communities, foreign officials, and confidential documents, The Apprentice offers striking new information about: the hacking of the Democrats by Russian intelligence; Russian hijacking of Facebook and Twitter; National Security Adviser Michael Flynn's hidden communications with the Russians; the attempt by Jared Kushner, Trump's son-in-law, to create a secret back channel to Moscow using Russian diplomatic facilities; Trump's disclosure to Russian officials of highly classified information about Israeli intelligence operations; Trump's battles with the CIA and the FBI and fierce clashes within the West Wing; Trump's efforts to enlist the director of national intelligence and the director of the National Security Agency to push back against the FBI's investigation of his campaign; the mysterious Trump Tower meeting; the firing of FBI Director James Comey; the appointment of Mueller and the investigation that has followed; the tumultuous skirmishing within Trump's legal camp; and Trump's jaw-dropping behavior in Helsinki. Deeply reported and masterfully told, The Apprentice is essential reading for anyone trying to understand Vladimir Putin's secret operation, its catastrophic impact, and the nature of betrayal.

By Pulitzer Prize-winning Washington Post reporter Greg Miller comes an exclusive book uncovering the truth behind the Kremlin's attempt to destroy Hillary Clinton and help Donald Trump win the presidency, Trump's steadfast allegiance to Vladimir Putin and Robert Mueller's ensuing investigation of the president and those close to him It has been called the political crime of the century: a foreign government, led by a brutal authoritarian leader, secretly interfering with the American presidential election to help elect the candidate of its choice. The Washington Post's Pulitzer Prize-winning US national security reporter Greg Miller and his team unveil their findings from this in-depth investigation into what happened. Miller uses interviews with hundreds of people in Trump's inner circle, current and former government officials, individuals with close ties to the White House, members of the law enforcement and the intelligence communities, foreign officials, and confidential documents. The Apprentice offers exclusive information about: "the hacking of the Democrats by Russian intelligence;" Russian hijacking of Facebook and Twitter;" National Security Adviser Michael Flynn's hidden communications with the Russians;" the attempt by Jared Kushner, Trump's son-in-law, to create a secret backchannel to Moscow using Russian diplomatic facilities;" Trump's disclosure to Russian officials of highly classified information about Israeli intelligence operations;" Trump's battles with the CIA and the FBI and fierce clashes within the West Wing;" Trump's efforts to enlist the director of national intelligence and the director of the National Security Agency to push back against the FBI's investigation of his campaign;" the mysterious Trump Tower meeting;" the firing of FBI Director James Comey;" the appointment of Mueller and the investigation that has followed;" the internal battles within Trump's legal camp;" and Trump's jaw-dropping behaviour in Helsinki. Deeply reported and masterfully told, The Apprentice is essential reading for anyone trying to understand Vladimir Putin's secret operation, its catastrophic impact, and the nature of betrayal.

THE NEW YORK TIMES BESTSELLER "The story Unger weaves with those earlier accounts and his original reporting is fresh, illuminating and more alarming than the intelligence channel described in the Steele dossier." —The Washington Post House of Trump, House of Putin offers the first comprehensive investigation into the decades-long relationship among Donald Trump, Vladimir Putin, and the Russian Mafia that ultimately helped win Trump the White House. It is a chilling story that begins in the 1970s, when Trump made his first splash in the booming, money-drenched world of New York real estate, and ends with Trump's inauguration as president of the United States. That moment was the culmination of Vladimir Putin's long mission to undermine Western democracy, a mission that he and his hand-selected group of oligarchs and Mafia kingpins had ensnared Trump in, starting more than twenty years ago with the massive bailout of a string of sensational Trump hotel and casino failures in Atlantic City. This book confirms the most incredible American paranoias about Russian malevolence. To most, it will be a hair-raising revelation that the Cold War did not end in 1991—that it merely evolved, with Trump's apartments offering the perfect vehicle for billions of dollars to leave the collapsing Soviet Union. In House of Trump, House of Putin, Craig Unger methodically traces the deep-rooted alliance between the highest echelons of American political operatives and the biggest players in the frightening underworld of the Russian Mafia. He traces Donald Trump's sordid ascent from founding real estate tycoon to leader of the free world. He traces Russia's phoenix like rise from the ashes of the post–Cold War Soviet Union as well as its ceaseless covert efforts to retaliate against the West and reclaim its status as a global superpower. Without Trump, Russia would have lacked a key component in its attempts to return to imperial greatness. Without Russia, Trump would not be president. This essential book is crucial to understanding the real powers at play in the shadows of today's world. The appearance of key figures in this book—Paul Manafort, Michael Cohen, and Felix Sater to name a few—ring with haunting significance in the wake of Robert Mueller's report and as others continue to close in on the truth.

The incredible, harrowing account of how American democracy was hacked by Moscow as part of a covert operation to influence the U.S. election and help Donald Trump gain the presidency. "Russian Roulette is...the most thorough and riveting account." -- The New York Times Russian Roulette is a story of political skullduggery unprecedented in American history. It weaves together tales of international intrigue, cyber espionage, and superpower rivalry. After U.S.-Russia relations soured, as Vladimir Putin moved to reassert Russian strength on the global stage, Moscow trained its best hackers and trolls on U.S. political targets and exploited WikiLeaks to disseminate information that could affect the 2016 election. The Russians were wildly successful and the great break-in of 2016 was no "third-rate burglary." It was far more sophisticated and sinister -- a brazen act of political espionage designed to interfere with American democracy. At the end of the day, Trump, the candidate who pursued business deals in Russia, won. And millions of Americans were left wondering, what the hell happened? This story of high-tech spying and multiple political feuds is told against the backdrop of Trump's strange relationship with Putin and the curious ties between members of his inner circle -- including Paul Manafort and Michael Flynn -- and Russia. Russian Roulette chronicles and explores this bizarre scandal, explains the stakes, and answers one of the biggest questions in American politics: How and why did a foreign government infiltrate the country's political process and gain influence in Washington?

"Hettena is a first-rate reporter and wonderful story-teller, and the tale he tells here is mind-boggling."—Jane Mayer, author of New York Times bestseller Dark Money "Hettena skillfully weaves many threads—most fresh or previously hidden—into a rich tapestry tying together decades of Donald Trump's deep involvement with Russia."—DAVID CAY JOHNSTON, author of New York Times bestseller The Making of Donald Trump Uncovering the decades-long association between Donald Trump and Russia Is the 45th President of the United States under the control of a foreign power? Award-winning Associated Press reporter Seth Hettena untangles the story of Donald Trump's long involvement with Russia in damning detail—including new reporting never before published. As Special Counsel Robert Mueller's investigation into the relationship between members of Trump's campaign and Russian operatives continues, there is growing evidence that Trump has spent decades cultivating ties to corrupt Russians and the post-Soviet state. In Trump/Russia: A Definitive History, Seth Hettena chronicles the many years Trump has spent wooing Russian money and power. From the collapse of his casino empire—which left Trump desperate for cash—and his first contacts with Russian deal-makers and financiers, on up to the White House, Hettena reveals the myriad of shady people, convoluted dealings, and strange events that suggest how indebted to Russia our forty-fifth president might be. Using deeply researched reporting, along with newly uncovered information, court documents, and exclusive interviews with investigators and FBI agents, Hettena provides an expansive and essential primer to the Trump/Russia scandal, leaving no stone unturned.

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big." —Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal "Trump makes one believe for a moment in the American dream again." —The New York Times "Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet." —Chicago Tribune "Fascinating . . . wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's attention is instantly and fully claimed." —Boston Herald "A chatty, generous, chutzpa-filled autobiography." —New York Post

A Washington Post Notable Book of the Year • An Economist Book of the Year "A must-read for anyone wanting to better understand what has already happened here in America and what lies ahead if Trump is reelected in November.... A magisterial account of the money and violence behind the world's most powerful dictatorships." —Washington Post In this shocking, meticulously reported work of narrative nonfiction, an award-winning investigative journalist exposes "capitalism's monster"—global kleptocracy—and reveals how it is corrupting the world around us. They are everywhere, the thieves and their people. Masters of secrecy. Until now we have detected their presence only by what they leave behind. A body in a burned-out Audi. Workers riddled with bullets in the Kazakh Desert. A rigged election in Zimbabwe. A British banker silenced and humiliated for trying to expose the truth about the City of London. They have amassed more money than most countries. But what they are really stealing is power. In this real-life thriller packed with jaw-dropping revelations, award-winning investigative journalist Tom Burgis weaves together four stories that reveal a terrifying global web of corruption: the troublemaker from Basingstoke who stumbles on the secrets of a Swiss bank, the ex-Soviet billionaire constructing a private empire, the righteous Canadian lawyer with a mysterious client, and the Brooklyn crook protected by the CIA. Glimpses of this shadowy world have emerged over the years. In Kleptopia, Burgis connects the dots. He follows the dirty money that is flooding the global economy, emboldening dictators, and poisoning democracies. From the Kremlin to Beijing, Harare to Riyadh, Paris to the White House, the trail shows something even more sinister: the thieves are uniting. And the human cost will be great.

Read The Complete Mueller Report Remastered Digitally This book transcribes the legal document released by the U.S. Department of Justice that was redacted and released in scanned format to the public on April 18, 2019. Meticulous formatting and proofing was done to match this very important document in United States History. Complete & Remastered digitization translation of text and redacted areas Reduced sized text in a 6 x 9 inch book for easy travel Paged 1 through 448 The report consists of two volumes which detail the two-year investigation into Russian interference in the 2016 presidential election and the President's public and private actions during the course of that investigation. Volume I of the report centers around the counterintelligence investigation that was taking place before the Special Counsel was formed that centered around Trump campaign officials and their ties to the Russian Government and whether there was any coordination between the campaign and Russia's efforts. Volume II addresses the President's actions towards the FBI's investigation into Russia's interference in the 2016 presidential election and his actions towards the Special Counsel's investigation. Washington Post national investigative reporter Carol Leonnig and White House bureau chief Philip Rucker, both Pulitzer Prize winners, provide the definitive insider narrative of Donald Trump's unique presidency with shocking new reporting and insight into its implications. "I alone can fix it." So went Donald J. Trump's march to the presidency on July 21, 2016, when he accepted the Republican presidential nomination in Cleveland, promising to restore what he described as a fallen nation. Yet over the subsequent years, as he has undertaken the actual work of the commander in chief, it has been hard to see beyond the daily chaos of scandal, investigation, and constant bluster. It would be all too easy to mistake Trump's first term for one of pure and uninhibited chaos, but there were patterns to his behavior and that of his associates. The universal value of the Trump administration is loyalty - not to the country, but to the president himself - and Trump's North Star has been the perpetuation of his own power, even when it meant imperiling our shaky and mistrustful democracy. Leonnig and Rucker, with deep and unmatched sources throughout Washington, D.C., tell of rages and frenzies but also moments of courage and perseverance. Relying on scores of exclusive new interviews with some of the most senior members of the Trump administration and other firsthand witnesses, the authors reveal the forty-fifth president up close, taking readers inside Robert Mueller's Russia investigation as well as the president's own hap-hazard but ultimately successful legal defense. Here for the first time certain officials who have felt honor-bound not to publicly criticize a sitting president or to divulge what they witnessed in a position of trust tell the truth for the benefit of history. This peerless and gripping narrative reveals President Trump at his most unvarnished and exposes how decision making in his administration has been driven by a reflexive logic of self-preservation and self-aggrandizement - but a logic nonetheless. This is the story of how an unparalleled president has scrambled to survive and tested the strength of America's democracy and its common heart as a nation.
